

Coaches, Parents, Student Athletes, Teachers & Advisors:

Bethel Local Schools will be having a mandatory shutdown of all school sponsored activities from July 1-9, 2020. This will include all open gyms, weight training, conditioning, camps, practices and other related school activities. The purpose of this shutdown is as follows:

1. It assists with allowing the school district to have facility projects completed without interfering with school sponsored activities. These facility projects could include but are not limited to the cleaning of the athletic facilities, gymnasiums, playing surface repairs, potential parking lot repairs and refinishing of gym floors.
2. It also provides a time for families to schedule a family vacation without missing school sponsored activities around the week of July 4th each summer.
3. Finally, it provides our student-athletes with much needed rest and recovery time before the start of the Fall athletic season.

The dates that we will be scheduling our mandatory shutdown will be from July 1-9, 2020.

Thank you,

Bethel Local Schools
