In an effort to continue to keep our students and staff safe and secure we are asking all students to please not prop open doors for people to enter.

Students and staff members should also not open a door for any person attempting to gain access into the building from the outside. ALL visitors must enter through the high school office.

Bethel High School is committed to keeping a safe and secure school and that is everyone’s responsibility.

If you have any questions regarding this request it is important you speak with Mr. Vasil.

E-mail Invitation to Participate In Survey

Dear Parent or Guardian,

My name is Ginger Andrews. As part of my doctoral dissertation I am doing a study on cyberbullying. Cyberbullying is when a bully uses electronic communication to hurt another.

The bully might post negative and embarrassing comments about another person, share inappropriate or embarrassing photographs, text or write mean and hurtful things on Internet websites, gaming blogs, through email or even text messaging. The bully may be known, or they could create a fake profile so that they remain anonymous.

I am requesting that you complete a survey about cyberbullying in schools.

Your participation in this survey is anonymous and greatly appreciated.

The questions relate to what you feel are your communication needs and preferences when receiving communication from your child's school about cyberbullying. Schools will have access to the data and may modify their current processes if they feel a change is necessary.

Thanking you in advance for your participation! If you have any questions in reference to the study or the questions contained in the survey, please feel free to contact me via email at glast2@mail.rmu.edu.

AUGSBURG MEMORIAL SCHOLARSHIP

History The Augsburg Memorial Scholarship was named for Fred and Susan Augsburg by the members of the ASMC Aviation Chapter as a lasting beneficial memorial to their friends. The Augsburg's were vibrant, outgoing, fun-loving individuals, and true professionals in their jobs. Tragically, in February 1987, they were killed in a traffic accident in Lexington, Kentucky. A drunk driver crossed the centerline and struck Fred & Susan while they were jogging. Both died from their injuries. Fred was born in Berea, Kentucky. He graduated Summa Cum Laude from the University of Kentucky in 1976, and was commissioned as a 2nd Lieutenant in 1976 assigned to the Aeronautical Systems Division (ASD), Wright-Patterson AFB. Fred entered Federal Civil Service in September 1980 as a Financial Manager, Propulsion Systems Program Office, ASD. Following additional assignments in ASD, he was promoted to Deputy Comptroller, 2750th Air Base Wing in August 1984. In November 1986, Fred was named Deputy Director of Cost, Air Force Logistics Command. Fred was named one of the Outstanding Young Men of America in 1985 and received numerous performance awards during his career. He was married to Susan Augsburg. Susan was born in Dayton, Ohio and graduated from Belmont High School in 1973. She entered the Federal Civil Service in September 1973 as a clerk/stenographer in the Directorate of Programs and Budget, ASD. In March of 1985, she was reassigned and promoted to the Comptroller's Training Assistant. She received numerous performance awards during her career.

Hello CCP College Coordinators!

I would like to inform you of Bethel High School's College Credit Plus Informational Nights this year on Wednesday, January 3 and Thursday, February 1st . You are invited to one or both (if you wish) of the Orientation Nights.

We will begin at 6:00 pm. on January 1 for the General session. This year I would like to turn the program over to the experts (YOU) as soon as possible so that everyone can get their priority information out to the audience, hopefully within one hour.

The second night is a Parent-Teacher Conference Night so I thought on the second evening we could allow family's to attend break-out sessions of their choice and actually process paperwork required for participation. I don't know how possible that is with the Intent forms not due until the end of March? I welcome your feedback on how much time you might need for two back to back sessions...6:00-6:30 & 6:30-7:00? This would allow families to attend two presentations/workshops.

I welcome your thoughts and invite you to attend Bethel's CCP Orientation Nights.

Thank-you,

Mara Lance

PARENTS' QUICK GUIDE to SCHOOL SAFETY COMMUNICATION PROTOCOLS

Bethel Local School District has specific safety procedures and protocols coordinated with town personnel and local safety officials to cover a host of local emergencies. The District's Safety Team meets several times a year with local officials to review and update procedures. These plans are not posted publicly as much of the information is pertinent only to school personnel and local safety officials. In addition, we believe that certain security measures must remain confidential to only these people.

In an effort to strengthen school safety information while not divulging specific security information, we are listing for you the specific safety protocols with the methods of communication that parents would receive in the event of implementing a specific plan. Please see your child's building principal if you have specific questions regarding these procedures.

EMERGENCY DRILL	Methods of Notifying Students	Methods for Informing Parents
<p><u>SECURITY SITUATION</u> This is a partial lockdown procedure when the general school population is not threatened, but there is an emergency involving a student or a small group of students. <i>(An example would be a student medical/behavior emergency or loss of power in the building)</i></p>	<ul style="list-style-type: none"> The building principal or designee would announce a security situation via the school intercom. 	<p>We would not usually be communicated this to parents unless it resulted in a more serious emergency causing a long disruption to the school day.</p>
<p><u>INTRUDER or LOCKDOWN DRILL</u> This refers to a complete LOCKDOWN PROCEDURE or actual danger threatens the safety of the school population; students could be dispersed to different locations per procedures. <i>(An example would be a threatening intruder in the building)</i></p>	<ul style="list-style-type: none"> The building safety designee would announce a total security situation via the school intercom. Superintendent or building safety designee would be responsible for media releases. 	<p>Parents would be notified via ONE CALL if a TOTAL SECURITY SITUATION occurred. Specific instructions would be provided for student pick-up and location.</p>
<p><u>BUILDING EVACUATION</u> The building evacuation protocol is to be followed in the event that the school must be immediately evacuated and children sent to a different location.</p>	<ul style="list-style-type: none"> The building safety designee would announce a building evacuation via the school intercom.
